### *Kitchen Remodel*

JEB took an ordinary kitchen and turned it into an extraordinary one! JEB Design/Build updated this kitchen with custom cabinets in medium cherry with black glaze. The cabinets are accented with an eggshell-white painted center island and decorative

mantel hood with a mocha glaze. Mosaic glass tile and cushion cut tumbled marble backsplash picks up the jewel tone colors in the absolute cream granite and faux finished textured walls. Special features include matching glass front cabinets with bead board back interiors and plate racks at base. The kitchen sink is a farm house sink with bronze hardware. A new arched opening into the living room is flanked by fluted columns and gives additional storage in built-in bookcases in the living room.

Showing June 7-June 8

JEB Design/Build LLC is an 81 year old tradition that spans three generations in the Northwest Louisiana area. Jeb Breithaupt (pronounced Bright-up), President, grew up in the building industry, taking over the business in 1983 from his father, Joe Breithaupt.

This award-winning remodeling company has been recognized in the industry for outstanding customer service and fine design. Here at JEB Design/Build, LLC we take the guesswork out of remodeling, saving you time and worry. Because we offer extensive experience in both creative design and quality construction, we offer customers a one-stop shop. And, we work with you to incorporate your ideas and ours into a project that fits your home, lifestyle, and budget. See our website at [www.jeb.net](http://www.jeb.net)
